

GTI COURSES – CHANGES TO ENROLLING ON A PRACTICAL COURSE

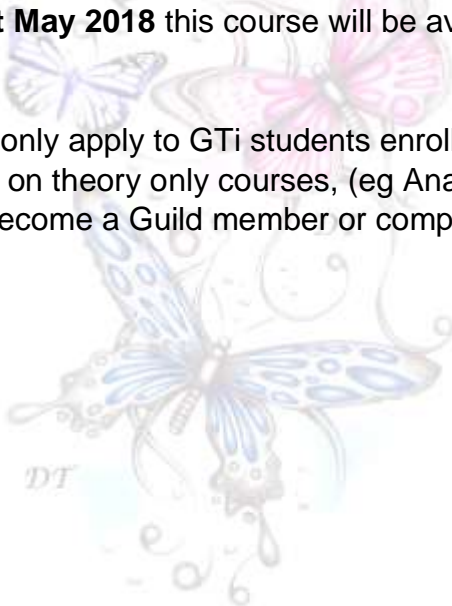

From 1st May 2018, students that wish to enrol on GTi courses who are not already Guild members will be required to join the Guild. We have created a new category of Guild membership called GTi Student Membership. The cost of this new membership category is £25 including VAT payable by the student directly to GTi.

GTi Student Membership runs for a period of 3 months and does not include insurance.

On successful completion of their practical course, students will be offered to upgrade their membership to Full Guild Membership including insurance for £25 off the normal price!

It is a requirement that any new student enrolling on a practical GTi course must first complete the GTi Professional Standards for Therapists course. Students will still be required to enrol and complete the Professional Standards course, currently new GTi students pay a registration fee of £12 inc Vat to enrol **but from 1st May 2018** this course will be available FREE to all categories of Guild membership.

Please note that these changes only apply to GTi students enrolling for practical courses. Students will still be able to enrol on theory only courses, (eg Anatomy and Physiology, Marketing, Retailing etc) without having to become a Guild member or complete the Professional Standards For Therapists course.
