**Course Information:** Health & safety is an essential part of any business. It protects the business owners, staff and customers, and is something that everyone should be aware of. Whatever your role, you need to know what health and safety legislation you are governed by, as well as understanding a safe way to conduct your tasks. A good understanding of health and safety will help to keep problems and incidents to a minimum and ensure the safe running of your business.

The GTi course in Health & Safety covers all the essential legislation and information which you will need to know when working in the beauty, nails and holistic industry. This course is highly recommended in support of professional membership and development through the Guild of Beauty Therapists.

This online theory course is completed at home, in your own time, and gives you flexible learning designed to fit in around your lifestyle. Full tutorial support is available throughout your learning experience.

The GTi Health & Safety course includes valuable information regarding waste, fire safety and injuries. It also includes a template of a risk assessment which is available, along with the course manual, to download once you have completed the course.

The course is beautifully written by leading industry experts and accompanied by images, diagrams and a voiceover to give you the best possible learning experience.
